Training and simulation

AeroSPI 2018 Key Figures

600 participants, 15 countries, 53 exhibitors, 16 conference speakers
90% overall satisfaction

WHY EXHIBIT?

Your technological SME provides innovative solutions in one of the highlighted topics.

SEIZE THE OPPORTUNITY

- to talk to international end-users.
- to search for complementary companies.
- to fully understand this market and have direct connections with its main private and public stakeholders.

AT VERY REASONABLE COSTS

WHY VISIT?

- Because you use different kinds of aircrafts (helicopters, planes, UAVs, airships, ...) to complete SPI missions.
- Because you are looking for more efficient detection and protection solutions.
- Because French high-level solutions can also be cost effective when achieved by SMEs.
